(Chess does not meet on April 10 & 17)

Studies have shown that Chess improves academic performance, concentration, logical thinking, and teaches responsibility for decisions.

Instructors Joel Salman and Brian Karen are ranked within the top 3% of tournament players. They have introduced chess to children in successful classes across Long Island for the last twenty years.

The classes will feature a short lecture about chess strategy followed by guided play. Children will have the opportunity to compete in a tournament for trophies. These classes are designed to present chess as a constructive form of recreation that the children enjoy.

Registration Fee \$110 for 7 weeks. Please make checks payable to St. Patrick School. Please submit payment, along with your registration form, to the Main Office.

Yes, I wish to enroll my child in the chess program. I have enclosed \$110 for the 7 week program.
